Vehicle Inspection Division Bulletin

May 2019

Topics in this Bulletin:

Announcement: Fee Adjustment for Certificates of Inspection

FEE ADJUSTMENT FOR CERTIFICATES OF INSPECTION

On July 1, 2019, the fee for the annual safety inspection stickers will be adjusted from \$7.00 to \$8.00 and the purchase price for the semi-annual stickers will be adjusted from \$5.00 to \$6.00. Official Inspection Stations may charge \$2.00 plus the purchase price of the sticker in effect at the time of replacement for windshield replacement stickers. There is no charge for Emission Stickers. Updated fee schedule signs are to be posted, effective July 1, 2019. Fee adjustments as a result of Act 89 represent an investment in Pennsylvania's future, increasing public safety, and driving commerce, creating jobs, and providing reliable funding for our transportation needs without leaving the bill to our future generations.

PennDOT may limit the number of stickers shipped if requests are determined to be excessive, based on usage and prior order history. If ordering online, the fee is calculated automatically. If mailing in a sticker order, please ensure the MV-436A is completed properly, to include the authorized signature, operator number, and the \$5 shipping/handling fee with your order. Incomplete requisitions received without the proper information or fee risk being returned and delivery may be delayed.

Online orders allow for easy access to track the progress of your order. If mailing in your order, mail times vary. Please allow fourteen business days for delivery of your inspection stickers before calling to check on your order status. We understand our timely fulfillment of your order is of the utmost importance.

The MV-436A Inspection Sticker and Insert Order Form has been updated to reflect the fee adjustments and will be available on the Department's website July 1, 2019.
