Vehicle Inspection Division Bulletin

December 2016

TOPICS IN THIS BULLETIN:

Elimination of Registration Stickers and Online Registration Renewal Process

As a reminder, Act 89, which became law on November 25, 2013, provided for the elimination of registration stickers effective December 31, 2016. As result of Act 89, PennDOT has been able to continue its efforts to modernize its processes. One such modernization is the new enhancement of our online registration renewal process which allows a customer to print his or her own registration credential. PennDOT will no longer issue registration cards to customers who renew online. About 40% of PennDOT's customers renew their registration online through the PennDOT website. Please note that effective December 31, 2016, permanent registration credentials printed by customers through the department's website will not be printed on department-issued paper. These customer-printed registrations will be on plain paper, will serve as a valid permanent registration credential, and will maintain the department's barcode for scanning.

If you have any questions, please contact the Vehicle Inspection Division at (717) 787-2895.
