BULLETIN NO. 17-1

January 2017

SPECIAL EDITION

Updated Pennsylvania Registration Plate

PennDOT is proud to announce the issuance of the updated Pennsylvania registration plate.

The updated plate design continues to reflect the “Family of Plates” color scheme of blue, white and yellow. The indent in the upper left-hand corner was removed and replaced with an outline of the Commonwealth of Pennsylvania. The old-style registration plates are still valid and will remain in use. There is no need for registrants to replace their current registration plate with the updated design. The updated design will be noticed first on personalized and special organization registration plates. Starting in the summer of 2017, the updated design will be seen on the standard-issue registration plates as the old-style plate inventory is depleted.
