

October 1, 2010

George McAuley, Jr., P.E.  
2550 Oakland Avenue  
Indiana, PA 15701

Dear Mr. McAuley, Jr., P.E.:

On behalf of the AASHTO Standing Committee on Performance Management, it is my pleasure to present you with the enclosed **Bronze Performance Excellence Award** in recognition of the achievement of Pennsylvania ASphalt Improvement Network (PASIN) Team - S.R. 28 Allegheny Valley Expressway Project based on their application for the 2010 AASHTO Performance Excellence Award.

The AASHTO Subcommittee on Organizational Management Awards recognizes four levels of achievement:

- National Performance Excellence Award (1 team selected for the highest level of achievement)
- Gold Performance Excellence Awards
- Silver Performance Excellence Awards
- Bronze Performance Excellence Awards

The awards are designed to recognize projects with performance excellence results meeting the highest standards of quality, service and performance. The AASHTO Subcommittee on Organizational Management Awards will publicize winning team applications to share best practices with other states.

You are invited to participate in the 2011 AASHTO Performance Excellence Awards with any new project your state may be working on. The 2010 application and guidelines will be posted to our website during fall 2010 at <http://www.transportation.org/?siteid=104&pageid=3176>.

Thank you for participating and congratulations on your award.

Sincerely,

Sharon Hay  
Chair, AASHTO Subcommittee on Organizational Management Awards
