Acceptable Proof of Identification Documents for Completing Motor Vehicle Forms

PURPOSE

This fact sheet provides the proper forms of personal identification documents required to be used by an issuing agent to verify the identity of a person when completing motor vehicle forms.

REQUIREMENTS

Issuing agents are required to attach a legible photocopy of the front and back of the accepted identification credential, along with any title and/or registration application submitted to PennDOT. Agents may only accept one of the following credentials for identification purposes in order to issue title and registration documents:

1. A valid Pennsylvania Photo Driver's License;
2. A valid Pennsylvania Photo Identification Card;
3. A valid Pennsylvania Photo Exempt Driver's License;
4. A valid Pennsylvania Photo Exempt Identification Card;
5. A valid Pennsylvania 15-day temporary internet driver license or identification card renewal credential and expired DL/ID;
6. A valid Pennsylvania Camera Card and Pennsylvania Expired Identification Credential; or
7. A valid U.S. Armed Forces Common Access Card
 - Dependents of Armed Forces personnel must provide a valid United States Uniformed Services Identification and Privilege Card (DD Form 1173).

Each of the documents above must be in the same name as the name and address listed on the motor vehicle applications. If the correct address does not appear on the Pennsylvania identification credentials, the applicant must provide the agent with the Driver's License Update Card, If the applicant does not have updated credentials, they must obtain one prior to the agent completing the application for title and/or registration.

NOTE: The requirements for Pennsylvania identification do not apply to the seller or sellers of a vehicle. However, this does not exempt the seller or sellers from providing valid government issued photo identification for identification purposes when completing motor vehicle applications as the seller of a vehicle.

When completing motor vehicle applications, agents are required to examine and analyze the identification credential for purposes of validation. It is essential the authorized agent properly identifies the person whose signature is being notarized or verified in lieu of notarization. Please be aware that an authorized agent may be held legally responsible for notarizing or verifying a document without first establishing a person's identity. In order to do this, the only documents that may be used to identify the individual making the application are a valid PA Photo Driver's License, a valid PA Photo Identification Card, a valid PA Photo Exempt Driver's License, a valid PA Photo Exempt Identification Card, a valid Pennsylvania 15-day temporary internet driver license or identification card renewal credential and expired DL/ID, a valid Pennsylvania Camera Card and Expired Identification Credential or a valid U.S. Armed Forces Common Access Card.
