BULLETIN NO. 19-06

March 2019

SPECIAL EDITION

Real ID

As you know, REAL ID-compliant driver's licenses and photo ID cards will be available to Pennsylvanians who want them in March 1, 2019. As a result of REAL ID implementation, there will be changes to the look of Pennsylvania driver's license and identification card products.

There are visible differences between REAL ID-compliant and standard-issue products. REAL ID-compliant products will be marked with a gold star.

After March 1, 2019, standard-issue, non-REAL ID driver's licenses and ID cards will also look different. Per federal REAL ID regulations, non-REAL IDs must be clearly labeled with the words "NOT FOR REAL ID PURPOSES."

Both REAL ID compliant and non-compliant products are produced with the same security features.

For the purposes of titling and registering a vehicle in Pennsylvania, customers may use their current or expired identification credential **and** their Real ID receipt in lieu of the acceptable identification credentials listed on the [Acceptable Proof of Identification Documents for Completing Motor Vehicle Forms](#) Fact Sheet while they wait for their Real ID product to be mailed to them. New residents to Pennsylvania may use their out-of-state license and their REAL ID receipt in place of a valid Pennsylvania credential. Please see the attached examples of the REAL ID compliant and non-compliant products and a sample of the REAL ID receipt.

For additional information, please visit www.PennDOT.gov/REALID.
